

Stain Remover Pen Information

All purpose stain remover for all water washable fabrics. Easily and safely removes stubborn spot stains.

Directions: Before use, check colorfastness in an inconspicuous area. Press nib on stain several times until the remover flows out. Gently rub stain to remove. For best results, place dry cloth under the stained fabric. Do not over-wet.

U-Remove™ Stain Remover is the first true “multi-purpose” stain remover that effectively and permanently removes all types of stains – on carpet, clothing, upholstery and vinyl. This powerful, ready-to-use formulation provides “on-the-spot” results removing the most stubborn stains; even those that were previously impossible.

U-Remove™ Stain Remover is non-flammable, odorless, non-toxic and non-irritating to skin and eyes. A TOTALLY SAFE PRODUCT that can be used in complete confidence all over the house; even around children and pets.

U-Remove™ Stain Remover proved conclusively that it is outstanding for removing most household stains such as berry stains, catsup, coffee, crayon, grass stains, pet stains, shoe polish, wine, blood, cosmetics and many other difficult type stains.

U-Remove™ Stain Remover is amazing with a five-way, multi-purpose cleaning action that actually penetrates, breaks-up and dissolves stubborn stains in a matter of seconds - so you can simply blot them away.

U-Remove™ Stain Remover is unique with its fast-acting, penetrating and completely safe and powerful way of cleaning all types of stains. It doesn't take long for customers to find 100's of uses for U-Remove™ Stain Remover.

U-Remove™ Stain Remover is a water-based, multi-purpose spot and stain removal formulation that functions as an excellent soil emulsifier providing strong, fast penetration and dispersion of oil and water based soils and residues.

U-Remove™ Stain Remover is biodegradable, contains NO hydrocarbons or petroleum based ingredients and contains no alcohol or bleach. It is not a solvent.
